

CERWIN-VEGA PROFESSIONAL AUDIO

Earthquake™ EL-36D/EL-36DP

Passive & Powered Loudspeakers

POWERED. PASSIVE. YOUR CHOICE.

Choose your passion—powered or passive— Drawing on over 65 years of industry-leading subwoofer and live sound innovations, Cerwin Vega introduces its new passive EL-36D and active EL-36DP Earthquake™ folded horn bass systems. Featuring our new, updated subwoofers and our Tour Shield™ protective coating. With its tough, sleek, all-black finish these new speakers are the latest in subwoofer innovation from the leader in speaker technology. On the road or in the concert hall, Cerwin-Vega's pursuit of perfection delivers.

For over 65 years, the name Cerwin-Vega has been synonymous with excellence in every area of the audio experience. This reputation has been established by Pro Audio professionals, Hi-Fi enthusiasts and Mobile Audio fans that recognize the high-performance value which is Cerwin-Vega. Dedicated to the pursuit of achieving ultimate realism in the reproduction of the live performance in the home, Cerwin-Vega's customer loyalty is second to none and has reached nearly cult-like status. As a result of this acceptance, Cerwin-Vega has grown from a small group of engineers headed by the legendary Gene Czerwinski into one of the foremost loudspeaker companies.
